### Why should you sign up?

"Alex has been instrumental in training my boys how to hit. His knowledge of the game is second none, and I would recommend him to any parent looking for additional instruction." (Ron Bacskai)

"I have been very fortunate the last 5 years to have had Alex work with my team. He initially started with us as Little Leaguers and now continues to work with my 'boys' in small groups both during the season and during the winter months. His comprehensive program of quality instruction is useful and fun. The boys ALL think extremely highly of Alex. His level of teaching and enthusiasm for what he is doing is second to none. Alex added Dan Williams to his staff and Dan too is highly regarded by both the boys and their parents. Together, Alex and Dan make a great team that stress the fundamentals and a shared philosophy what it takes to get better. Both Alex and Dan are great baseball teachers with extensive experience but more important, they are even better people who get the best out of their students. We are very fortunate to have them both working for us individually and collectively as a league." (Bill Young)

"My current 11 year old team has worked with Alex for the last two years. He has improved every facet of their game, especially their hitting. He relates to the boys extremely well and speaks their language. He is committed to improving the players and enhancing their love of the game. I would recommend Alex to anyone looking to help their child improve." (Mike Loftus)

## Camp Instructors:

As coaches we will teach proper mechanics and fundamentals that will scale at the higher levels of baseball. Proper "baseball actions" give young players the best chance to succeed and avoid injury, as well as allow them to reach their full potential as they develop both physically and mentally
