Health and Fitness News

From the T/E Elementary Physical Education Department

Sports Safety

Participating in sports is great for children both physically and psychologically. Sports can increase a child's physical coordination, fitness, and self-esteem. In addition, sports can teach children about teamwork and self-discipline.

However, because children's bodies are still growing and their coordination is still developing, children are more susceptible to sports injuries. Approximately 3.5 million children ages 14 and under are treated for sports-related injuries each year. Half of all of those injuries can be prevented with proper use of safety gear, changes to the playing environment, and the establishment of sports rules that help prevent injuries.

Most childhood sports injuries occur due to the following factors:

- lack of education and awareness about safety precautions and potential injury
- inappropriate or lack of equipment
- improperly conditioned children

The following are safety precautions recommended to prevent sports injuries in children:

- Children should wear appropriate safety gear and equipment.
- The playing environment should be safe.
- The sport should be properly practiced with children of similar size, skill level, and physical and emotional maturity.
- Children should be fit and mentally prepared.
- Children practicing a sport should be supervised by an adult who enforces the safety rules.
- Children should stay hydrated during and after sports.

Don't Play When You're Injured

This is a really important one. If you love sports, it's tempting to get right back in the game, even after an injury. But playing when you're hurt - or before an injury has had a chance to fully heal - is a bad idea. It can lead to an even worse injury, one that might sideline you for a long time. Be honest with parents and coaches if you've been hurt. See a doctor for your injuries, when necessary, and follow his or her advice about how and when to return to practice and play.

healthy recipe ants on a log

This is a fun snack that kids can make for themselves and you can try different variations. This recipe has protein, carbs and healthy fat for a balanced after school snack. Raisins are a great source of iron. Nut butters add protein, fats, B vitamins and vitamin E.

INGREDIENTS:

- 1/2 cup nut butter such as almond or cashew (cream cheese could be used for those with nut allergies)
- 5 stalks of celery
- 1/4 cup raisins

PREPARATION:

Spread nut butter equally among the sticks of celery. Sprinkle raisins on tops of celery sticks and serve. Makes 5 servings.

Plan a family healthy-heart day

Take one day a week to have a Family Healthy-Heart Day. Get together with your kids and anyone else who wants to join in, like other family members or friends. Write out a heart-healthy menu for that day including breakfast, lunch, dinner and snacks. Choose at least one physical activity that lasts 30 minutes or three activities that last 10 minutes each. During your Family Healthy-Heart Day, talk about things you're doing as a family to help keep your hearts healthy.

OLWEUS BULLYING PROGRAM

Below are a few points as reminders of the program.

The children are being taught about the idea of the Circle; that bullying doesn't just involve the bully and the bullied, but also the bystanders. The bystanders have the power to help the bullied student by telling an adult.

There are 4 rules of the program that are displayed in all classrooms.
We will...

- not bully others
- help students who are bullied
- include all students who are left out
- tell an adult at school and home when someone is bullied

Staff supervision has been increased at lunch and recess.
The program's definition of bullying:

"A person is bullied when he/she is exposed, repeatedly and over time, to negative actions on the part of one or more persons."

Some elements of bullying are intentional harm-doing, repeated over time and occurs in a relationship in which there is an imbalance of power. It is differentiated from rough and tumble play.

If your child tells you about a bullying situation at school, please contact your child's teacher or Judith Root, the school counselor. The school will investigate the issue. If the investigation discovers proof of bullying, the school will respond appropriately following the schools discipline code.

If the school has proof of bullying, parents of both students will be notified. The school will also contact parents with information regarding their child's involvement in an incident that may be leading up to a bullying situation. If needed, school staff would be available to work with the students involved and/or their parents.

Art Goes to School is Coming to Beaumont!

Feb. 11 – 22, 2008

Art Goes to School (AGTS) is an art appreciation program. Our goal is to enrich students through exposure to art and to motivate them to become interested in art through all of its forms, styles, and periods.

AGTS volunteers will visit the art room and lead each classroom in a discussion of art, not by lecturing, but by playing games involving poems, a Grab Bag, and fun facts trivia. It will be a fun and interesting way of learning and appreciating art!

This year, the 17 reproductions in the portfolio range from a pre-historic cave painting to an African Tribal mask to a watercolor by Conestoga Alum Dane Tilghman. Some of the other artists we will be talking about include Botticelli, Van Gogh, Seurat, Gorky, and Hopper. Ask your child about his or her favorite work of art!

Volunteer Rewards!!

As a thank you to all of our parent volunteers, the HSA is having a raffle! Any time you volunteer for an HSA committee or event, stop by and put your name in our PRIZE RAFFLE BOX! The box is located at the greeters' desk. The more you volunteer, the more times you can enter, and the more chances you have to win! We will announce the winners at our June HSA meeting!

Student Drop Off

When dropping off students for school in the morning, please drop them off in the Kindergarten circle area. Please do NOT drop them off on the sidewalk by the bus lane. While in the car pool line in the morning or afternoon, please be sure to continuously move the cars along so as not to block or delay those behind you. Thank you for your support and consideration.

TREASURER'S BOX

By
Joan Gaidimas

A question that the HSA board members hear occasionally is “What does the HSA do with all the money that is raised?” I’m told this is not a new question but it is an important one that deserves to be addressed.

In addition to trying to raise money for large projects such as the installation of the Smart Boards (each installation costs over \$1,000), the HSA also must save and budget for annual expenses of over \$30,000. The two largest line item expenses are the cultural arts performances and Theme Week.

This school year alone, the HSA has planned 7 cultural arts events that will cost the HSA over \$7,000. These events include such things as a puppet show, a laser light show, and a visit by a local author.

Each spring, the halls of Beaumont are decorated from floor to ceiling as part of Theme Week. The HSA arranges and pays for the decorations and presenters who come to Beaumont to reinforce the theme. Last year’s theme of “Water” included visits from the Camden Aquarium, a presentation by a local artist, and hallways transformed into oceans and beaches. The annual budget for Theme Week is \$5,000

Your contributions to any or all of the HSA fundraisers are truly a benefit to Beaumont. Any member of the board would be happy to answer further questions.
